Hi Scotty

This is the one that I've just discussed with you that I think needs your review in the context of the current conversations with the Minister about decisions being communicated to schools. For instance I am not sure that the regional planning process and the "impact of the takiwā property plans" that is described in the letter is something that has previously been communicated publicly? It is not something that Iona is yet feeling comfortable with in terms of positioning. Sorry, I am not sure where this one it up to in the process so I may be getting out of the right order of things.

Hi, Iona and I have done further work on this, and she emailed 9(2)(a) last night. ^{Out of scope} Scotty, can you please check the attached draft letter and confirm it all looks correct to you.
