There is actually no maximum to extend but if we do extend for a large amount of time we will need to provide specific reasons if a complaint is made. Would you like 30 working days? That would bring the new due date to 27<sup>th</sup> June 2022.

Subject: Official Information request - MFAT statements in support of the terrorist attacks on the Al-Aqsa mosque

Dear Ministry of Foreign Affairs and Trade,

On 0855 Friday, a message was publicly posted on Twitter by the official MFATNZ Twitter account, suggesting that the Palestinian victims were to blame for the repeated terrorist attacks by the Zionist entity on the Al-Aqsa Mosque, and that Palestinians were somehow obliged to refrain from responding against terror attacks launched by Zionists on the third holiest site in Islam and the Gaza concentration camp.

<https://twitter.com/MFATNZ/status/1517245771367673856>

I am requesting:

- 1) All internal notes and communications internally within MFAT and externally with the likes of Ms Mahuta which related to the production of this message.
- 2) All internal notes and communications internally within MFAT and externally with the likes of Ms Mahuta which related to the ongoing Zionist terrorist attacks on the Al Aqsa mosque and Gaza which escalated following the April 15 attack.
- 3) MFAT policy, documents, and messages related to how MFAT communications should address Palestine, and the so-called state of 'Israel', as well as the conflicts between the native Palestinian population of Palestine and the Zionist invaders.

Yours faithfully,  
Andrew Li

Hi Tara,

I've attached everything that I believe is in scope for the first two elements:

- 1) All internal notes and communications internally within MFAT and externally with the likes of Ms Mahuta which related to the production of this message.
- 2) All internal notes and communications internally within MFAT and externally with the likes of Ms Mahuta which related to the ongoing Zionist terrorist attacks on the Al Aqsa mosque and Gaza which escalated following the April 15 attack.

I'll go through these to define what's in scope/redactions.

The third part of this OIA is as follows:

- 3) MFAT policy, documents, and messages related to how MFAT communications should address Palestine, and the so called state of 'Israel', as well as the conflicts between the native Palestinian population of Palestine and the Zionist invaders.
