Please be advised that Police could find no references in the reporting from Thompson and Clark to Peace Action Wellington or Auckland Peace Action.

The attached PDF disclosure contains copies of Thompson and Clark situation Reports that have references in them relating to Oil Free Wellington and Climate Justice Taranaki.

Redacted/blanked out areas in the Situation Reports are areas of the report that fall outside the scope of your OIA request.

Pages 13-15 contain a Thompson and Clark situation report dated 30 September 2015 that was inadvertently included in the PDF process. The content of the 3 page report falls outside the scope of your OIA request so for that reason those 3 pages have been completely redacted.

Yours sincerely
