Dear Megan

**Request made under the Official Information Act 1982**

Thank you for your email of 11 May 2019 to the Ministry of Transport requesting the following information under the Official Information Act 1982 (the Act):

*'What data do you hold on the number of motor vehicles using Cobham Drive? I would like to know all holdings for the period from 1 January 2018 to the present.*

*I am interested in the number of motor vehicles using that road and their average speed, preferably per minute, alternatively per hour, during peak hours or per day or per week or per month.*

*If you do not have the data for that road what is the nearest road you do have data for over this time period?*

*Are you able to differentiate the types of vehicles e.g. by axle length or RF technology?'*

Your request was transferred to the NZ Transport Agency on 13 May 2019 for reply.

I have enclosed the following documents that are within the scope of your request:

- attachment 1: detail flow report 01N01078, excel spreadsheet created 14 May 2019
- attachment 2: speed Cobham Drive site 01N01078, excel spreadsheet created 14 May 2019.

For a detailed explanation of the vehicle counting methodology used by the Transport Agency, please refer to section 7 of the Traffic Monitoring for State Highways guideline available here:
