ASP	17/03/2018	A member of public, reported to the NZ police initially seeing a drone, high at Goodwood Heights within the departure fan. This was passed on to A.I.A.L and the to AA tower who advised me at 1913z. Initial response , as per the draught policy would be to close the departure fan for 30 mins. After consultation with Operations Manager we agreed that arrivals could continue with advice of the drone report. 3 aircraft were holding for departure, this was the Captains decision. At approx time19:20 the report was revised to, "a drone was heard but not seen and the time of the initial report was 18:45z". With this information at hand I re-briefed Operations Manager and agreed that operations should continue as normal. All aircraft departures within that time were advised of the report and accepted an early turn at 500ft.	Auckland	Auckland	RPAS	
ARC	17/03/2018	On a visual approach in wn rwy 16 had a near miss with a kite, balloon, model plane or a drone .The object went close under aircraft at around 2000 ft at Newlands ridge. Late in spotting it, unable to positively identifv. reported to tower.	Wellington	Wellington/Kapiti	RPAS
