Dear Kurien

I refer to your Official Information Act request of 30 August 2019 for information relating to speeding infringements and Community Roadwatch complaints in Takapuna.

You requested:

1. *What is the number of speeding tickets, community watch complaints that have been issued for Puriri Street, Karaka Street and Dominion Street in Takapuna Auckland from January 2017 to January 2019?*

No speeding offences have been detected on these streets between January 2017 and January 2019. Please note, Police database can only provide speed offence information by specific road for offences resolved by infringement only. Speeding offences in excess of 50 km/h above the legal speed limit are resolved by a summons to appear in court. Additionally, information of the type sought by you may be erroneously recorded by reason of the spellings of location and place names (operator error or transcription error) as well as the various locations across New Zealand that have similar names and multiple places having the same place name.

Community Roadwatch reports are not categorised by the location where the incident occurred and Police would need to review each report to determine this. Therefore, this part of your request is refused pursuant to section 18(f) of the Official Information Act 1982, in that the information requested cannot be made without substantial collation or research.

This reply contains provisional data which is drawn from a dynamic operational database. This is subject to change as new information is recorded or recoded.

You have the right, under section 28 (3) of the Official Information Act 1982, to ask the Ombudsman to review my decision if you are not satisfied with the way I have responded to your request.

Yours sincerely

Inspector Gini Welch  
National Manager Road Policing (Acting)
