I forwarded this request immediately through to our land advisory team who will action. I understand there could be a couple of options – but more advice is required and being sought.

On another matter we are getting a few inquiries from Parnell Residents via our members. I don't think we have agreed a protocol for responding. Given the project sits with MCH my view is that our community member should be directed to someone your end.

That said I also see huge value in a clear understanding of what is proposed and timing. Something that we could circulate to members and potentially provide to members of the community who contact us.

Happy to have a chat if required.

Attached is an application form for an archaeological investigation of the site for the memorial. This has been asked for by Heritage New Zealand and requires landowner consultation.

I would be grateful if you could complete section 2.2 of the form.

Please let me know if you would like to discuss this ahead of submitting the application.

Kind regards

Ngā mihi
