Dear Antony

Re: Official Information Act Request – Our Reference 2019/265

Thank you for your Official Information Act (OIA) request sent on 13 December 2019 to the Capital & Coast District Health Board's (CCDHB) OIA email address seeking an approximate estimate of hospital floor space in square meters of all hospitals owned by CCDHB. We note a rough estimate will be fine.

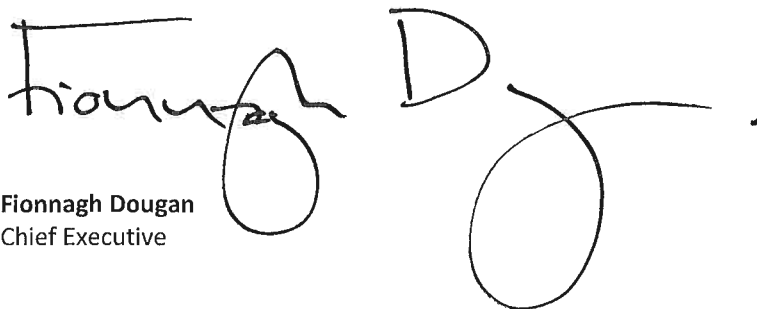

As you may be aware CCDHB has three campuses within its boundaries: our main campus at Newtown, Wellington, our Porirua campus which consists of two parts (Mental Health facilities and general hospital), and our Kapiti health service in Paraparaumu.

Below is a breakdown of gross floor areas for each campus. These figures include all buildings on our campuses, including those currently vacant due to no longer being fit for purpose or being earthquake prone.

Newtown, Wellington	152,000 m ²
Porirua	51,850 m ²
Kapiti	1,950 m ²

If you wish to seek a review of the decision we have made in regards to your OIA request you have the right to complain to the Office of the Ombudsman using section 28(3) of the Act.

Ngā mihi

Fionnagh Dougan
