Northern Region			
Prison	Marae/hapū/organisation	Project	Additional info
Northland Region Corrections Facility	Ngāti Hine	Supply vegetables and textiles	<p>Sewing instructor and team of paihere have recycled bedding, blankets, duvets, pillows etc, most of which were donated to the prison from hospice. All items were laundered, and repairs completed on site. Donated bags of clothing were washed and upcycled by the sewing room workers and given to those most in need, both children and adults.</p> <p>From all of the above, we achieved positive training results and satisfaction from the prisoners that they had made a difference to those people in the community they may have offended.</p> <p>Our Community Garden supplies the following local community groups; Ngāpuhi Aotearoa, North Point Mental Health Trust, Women’s Refuge, Aroha Trust, Ngāti Hine Health, Ngāti Hine Medical – Kawakawa, Teen Mums – Kaikohe, Kaikohe Budget Service. This includes prisoners released on probation who are struggling to find employment.</p>

		Riparian planting project	<p>The 2019 year saw production surpass 4.9T of sustainable organically grown vegetables. These included potatoes, peruperu, broccoli, onions, cabbage, leeks, bok choy, taro leaves, carrots, silver beet, tomatoes and much more. When this produce leaves the site, a karakia blessing is given for all those who will receive the produce. Similarly, this blesses the men who have grown the produce. Paihere also gain top learning outcomes with National Certificates.</p> <p>NRCF nursery supplies various groups who are involved in Riparian Planting including Waitangi Trust & Sam Judd of Sustainable Coast. 2019 saw 30,000 plants leave NRCF, all natives which go to repair areas decimated either through ignorance or bad development practices. We have up to 17 organisations including schools involved in this planting.</p>
Auckland	Ko Waitangi Te Awa Trust	Planting project for Waitangi catchment	Initially 50,000 native seedlings with potential for ongoing relationship. Goal is to restore ecological area and improve water quality to an area of immense Historical/Cultural value to NZ. Project in conjunction with Sam Judd and Sustainable Coastlines. However, this has a contract for provision of trees.

	Howard League (Volunteer Space)	Te Reo (Basic to Intermediate Levels)	The provision of one-to-one/classroom (min 6) Te Reo support is being facilitated by two Howard League volunteers. Te Reo support promotes identity, culture, values, cooperation, community, and contributes towards reducing recidivism/reoffending.
Auckland South Corrections Facility	Manurewa Marae – Te Waiohua, Waikato, Ngāti Te Ata, Te Ākitai	Mural project	<p>Paihere contributed concepts for the mural, brushes, paints, buckets. Site cultural adviser provided cultural support and assisted with linking the community project to mana whenua.</p> <p>A waiata and haka is being taught in the local schools of Manurewa about the history of the area, these will also be taught to paihere and staff on site.</p> <ul style="list-style-type: none"> • Te Manurewa o Tamapahore mural • Te Manurewa song • Te Manurewa haka • The story of Te Manurewa o Tamapahore

Taitokerau	Te Ruapekapeka Pā/Ngāti Rangi	DoC adopted site https://www.ruapekapeka.co.nz/ruapekapeka-today/te-ruapekapeka-trust	In partnership with Department of Conservation (DOC), Ara Poutama are working on a number of pieces of work at this historical pa site in preparation for commemorations of the last battle in Northland next year. Ara Poutama has

	Waitangi Marae	Waitangi River Trust	<p>three adopted sites around the country under the Good to Grow partnership. One of these sites is Te Ruapekapeka Pā and battlefield, one of NZ's top 20 iconic heritage sites. Whangarei CW have partnered with DOC and Te Ruapekapeka Trust to develop the site leading up to the 175th anniversary on 10 January 2021. The last battle between colonial soldiers and Ngapuhi forces led by Kawiti and Hone Heke took place on 10 January 1846. Ruapekapeka Pā is a well-preserved war site with battle features visible on the surface. According to DOC, the construction of Ruapekapeka Pā with tunnels, rifle pits and trenches was recognised in 2008 as a “masterpiece of military engineering” by the Institution of Professional Engineers of NZ.</p> <p>Over the years parts of the site have been turned into grass or overtaken by gorse. The plan is to return the site to as close to its natural state as possible by planting eco-sourced species. New paths are planned from the battlefield tracing the route taken by troops attacking the Pā with education stations along the way explaining the history.</p>

Waikeria	Mangatoatoa Marae – Ngāti Paretekawa/Maniapoto Rāwhitiroa Marae – Ngāti Takihiku/Raukawa	Puniu River Care Incorporated https://puniuinc.org/	<p>Paihere from Waikeria with Outside the Wire (OTW) approval are engaged on a community project to restore the Puniu River which flows past four Maniapoto/Raukawa Marae: Mangatoatoa, Rāwhitiroa, Aotearoa and Whakamārama. A core value of Pūniu River Care is the responsibility to give back to the Marae by empowering staff (and paihere) to engage in the tikanga and kawa of each of the marae to ensure traditional practices are upheld.</p> <p>Similarly, there is a horticulture nursery at Waikeria that grows eco- sourced seeds that are then planted in the local region in partnership with Pūniu River Care. Waikeria also has an OTW community work party that assists with maintaining the grounds at Mangatoatoa Marae.</p>

			<p>The collaborative partnership between Waikeria and local marae/hapu is going from strength to strength with representation on the Kaumātua Roopu and Tangata Whenua Liaison Group (TWLG) which is a consultative group established specifically for the Waikeria build project. In addition to delivering cultural services, kaumātua also provided support as judges to the Mangatūtū Cup Kapahaka competition.</p>
