Dawn

I have passed your query onto Ross Burbush of Downers who will contact you.  
Ross's contact details are 09 270-6291 or 027 474-2945 or e-mail [ross.bu@..](mailto:ross.bu@..)

Cheers  
Brent

Subject: Sims Road Overbridge

Hi Brent

As discussed we have an overbridge over the NIMT line located between two ends of Sims Road, in the northern area (Karaka) of our district.

The road to the bridge is closed at each end to attempt to restrict all access to the bridge as it is structurally no longer capable of carrying any loading. However late last week timber decking came loose and fell into the rail corridor. Therefore Council and ONTRACK are now in discussion about removing the bridge structure - but I understand that there are cables crossing the bridge - some of which may belong to Telecom. Can you please confirm if you do have cables across the bridge, if anyone is already investigating their relocation if there are Telecom cables there, and if you do have cables there, but no investigation is yet underway, how I might get this happening.

Thanks

Dawn Inglis
