Fyi-request-13347-d9cecdc3@requests.fyi.org.nz

Dear Kevin

OIA Request 01-20-20468

I refer to your request received 19 July 2020 in which you requested the following information:

- *Emergency lighting parts/models, the part/model numbers as well as the manufacturer of said parts/models for Police Motorway patrol vehicles ranging from the year 2013 to the year 2018.*

Please be aware that during the timeframe requested, we had two different companies who completed the fitting of emergency lighting for our vehicles. Nautech Electronics Ltd were our fit-out agent of choice until 2015 at which time the role of fit-out agent was taken over by Wade Group (2011) Ltd.

The following emergency light was fitted to our Motorway patrol vehicles by Nautech Electronics Ltd for the time period 2013 to October 2015:

Item Description	Nautech Part code
Light bar with 18 LED's, LED take down lights and LED alley lights. Wired using data cable.	Spectra EL 3212 9R9B RBL
White cube LED lights to operate when emergency lights are active and vehicle is not in park/neutral position or ignition off.	EL LED60W0 V2
Single pair of Red/Blue LED quad flashing lights mounted in upper windscreen either side of rear view mirror.	EL SLM0000X (X = 1 or 2; 1 = Blue, 2 = Red)
Single pair of Red/Blue LED quad flashing lights mounted in bumper corner inserts. (Commodore Evoke only)	No part number available
Single pair of Red/Blue LED quad flashing lights mounted in daytime running lights. (Commodore SV6 only)	No part number available
Nautech supplied quad flashing LED lights inserted in rear tail lights	8000 Series
SLC (Siren & Lights Controller) with Wail, Yelp and Hi/Low tones including P.A.	EE SLC 4001

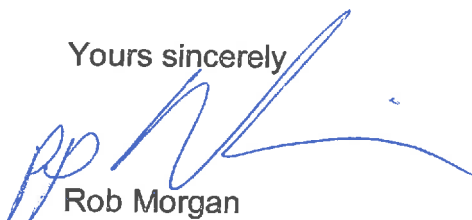

The following emergency light was fitted to our Motorway patrol vehicles by Wade Group (2011) Ltd for the time period October 2015 to 2018:

Item Description	Wade Part code
LED Light bar with, LED take down lights and LED alley lights.**	Code 3 product code TRIF-47-NZ-POL
