**Re: Agrichemical usage data**

Thank you for your email, which we received on 6, May 2021, requesting *raw agrichemical usage data from Auckland Transport from 2015-2017 and total agrichemical usage by product for 2017-2020.*

Please find attached:

- Agrichemical data from Auckland Transport 2015-2017.
- Agrichemical data from Auckland Council 2017-2020.

Please note:

- Amounts shown are in Liters (L)
- Auckland Transport and Auckland Council record agrichemical data differently, therefore the amounts of substance used cannot be compared.
- The Auckland Transport data is the sum of all glyphosate products used, not the total active ingredient. The total active ingredient will be only a small proportion of the total.
- There is some cross over of data in 2017, due to the transfer of management of street gardens from Auckland Transport to Auckland Council.

Decisions about this response to your request were made by Jennifer Rose, Head of Business performance, Community facilities.
