Dear Michal Okonek,

I refer to your request of 3 February 2021, for a copy of a map produced by Geoint. As was explained in the email to you on the same date, this document is not for general public use. It is produced under Crown copyright which prohibits its use for commercial purposes.

As with your visit to the Ministry of Lands, Survey and Natural Resources in Tonga, should you find yourself in New Zealand, you are welcome to view a copy of the map.

Yours sincerely

**AJ WOODS**

Air Commodore
