Dear Mr Allan

Re: OTK 145 – re East Frame Project

Thank you for your Official Information Act 1982 request received on 14 July 2021. You requested the following:

- *Can you please provide updated figures on housing to be delivered under the east frame housing development in Christchurch central as part of the "anchor project"; and*
- *Can you please provide the number of dwellings and expected completion date.*

Ōtākaro Limited's Response

We anticipate that the number of homes to be delivered under the East frame housing development will be up to 900 homes, depending on the mix of homes built in the remaining super lots. At the moment, completion is expected in 2025.

I have taken the public interest considerations in section 9(1) of the Official Information Act into account. You have the right to ask the Ombudsman to investigate and review my decision under section 28(3) of the Act.

Yours sincerely

John Bridgman
Chief Executive Officer
