Dear Ms Haden

On behalf of Hon Judith Collins, Minister of Justice, I acknowledge receipt of your request for information received on 26 June 2014 in the Minister's office. Your request was for the following:

"...the official definition of corruption and please state why the scenario described is not considered corruption and if it is corruption why can't the matter be dealt with in this the allegedly least corrupt (perceived) country in the world".

I believe that if this information is available, it would be held by the Ministry of Justice. Therefore under Section 14(b)(i) of the Official Information Act 1982, I am transferring your request to the Ministry of Justice for response.

I trust that you will receive a response from the Ministry in due course.

Kind regards

Ashleigh Muir
