Dear Tim

I refer to your official request for information dated 17 November 2021, which we received from Environment Canterbury (ECan) on 14 December 2021. As per your request, please find attached (**Attachment A**) a breakdown of all the Low Cost/Low Risk Projects which were allocated funding under the Low Cost/Low Risk Category, in the 2015 Regional Land Transport Plan (updated 2018) for the period 2018-2021.

I trust this answers your current query.

Yours sincerely,

Sarah Nichols
Governance Manager
