Official information request regarding international posts

I refer to your request for information under the Official Information Act 1982 (the Act) dated 1 February 2022:

“I would like to request the salary band and job title for all international posts. I understand by google search that you have an international market manager based in India, do you have anyone else who is based offshore and what country they are located at.

If possible I would also like to request your org chart/reporting line to see how these international post been managed.”

The University has five offshore representatives:

- Country Manager - India
- Director International recruitment Greater China
- Director United States Engagement
- Director China Engagement
- Director Vietnam Engagement

The China, US and Vietnam Engagement Directors report to the University’s Director of Strategic Partnerships and Engagement. The Recruitment Director, Greater China Region and Country Manager based in India report to the Associate Director, Wellington University International. An organisation chart for these positions is attached for your reference.

The offshore representatives undertake a combination of international engagement and student recruitment work across a number of regions. The roles are all contract based and therefore do not have salary bands associated with them. Information regarding individual contract rates is withheld in accordance with s9(2)(a) of the Act in order to protect the privacy of natural persons.

Please note, the figures above do not include staff who may be working remotely overseas due to COVID or who might be temporarily working overseas (e.g. collaborating with another University and basing themselves there for a period) but who normally would be based in New Zealand.
