Kia ora Shaun,

**The information you requested – CAS-513560-D9S8H7**

Thank you for your request on 20 February 2022, regarding various works in Manurewa. The information has been collated from various business units within Auckland Transport.

Hill Road and Claude Road is currently out for consultation and further information of the proposed plan can be found at the following link: [Hill-road-and-claude-road-manurewa-intersection-improvements](#)

The Coxhead Road and Mahia Road upgrade is still underway. I have attached a letter sent out on 16 December 2021 to advise the public of road safety improvements and a zip file containing three additional supporting documents.

The Grande Vue and the Hill Road intersection is still in investigation stage. Given its proximity to the motorway on-ramp and off-ramps, the investigation is to be undertaken in consultation with ATOC and Waka Kotahi. The investigation is yet to determine if signalisation is a viable scheme design.

Mahia Road and Rangī Road east-west connection is still underway and further information of the proposed plan can be found at the following links: [South-indicative-business-case-for-route-protection](#), [Indicative-Network-2019-Maps-South](#)

At this stage there is no proposed plan for Popes Road as the upgrade at this stage as it's still under investigation.

Should you believe that we have not dealt with your request appropriately, you are able to make a complaint to the Office of the Ombudsman in accordance with section 27(3) of the Act and seek an investigation and review in regard to this matter.

Yours sincerely

Phil Wratt
