Dear Shayne

Thank you for your email of 14 August 2014 requesting the following information:

*a copy of any and all written or email correspondence (including email attachments), sent or received in 2014, between the Ministry of Education and Selwyn College on the topic of Enrolment Scheme or Proposed Enrolment Scheme.*

Your request has been considered under the Official Information Act 1982 (the Act).

All correspondence between the Ministry and Selwyn College is enclosed and itemised in the attached list.

Deletions have been made under section 9(2)(a) of the Act to protect the privacy of natural persons.

Officials' names below the level of manager have been withheld under section 9(2)(a) of the Act to protect the privacy of natural persons and under 9(2)(f)(iii) of the Act to maintain the constitutional convention protecting the neutrality of officials.

There do not appear to be overriding public interest reasons that support the release of the information withheld.

Under sections 19 and 28(3) of the Official Information Act 1982 you have the right to ask an Ombudsman to review this decision.

Yours sincerely

Katrina Casey  
Deputy Secretary  
Sector Enablement and Support

Chairperson Board of Trustees  
Selwyn College

Auckland 1071

Dear Mr Ward

**Enrolment Scheme –**

Further to my discussions with Sheryl Offner, Principal, this is formal notice, given under Section 11H(1) of the Education Act 1989, that the Ministry of Education considers that there is likely to be overcrowding at your school. Under Section 11H(1) your board must now begin developing an enrolment scheme.

The purpose of an enrolment scheme, as set out in Section 11A of the Education Act 1989 is:

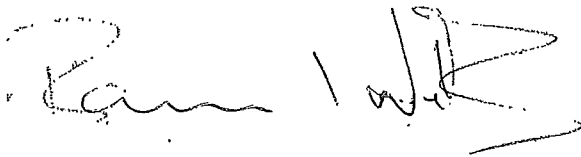

- (a) to avoid overcrowding, or the likelihood of overcrowding, at the school; and
- (b) to ensure that the selection of applicants for enrolment at the school is carried out in a fair and transparent manner; and
- (c) to enable the Secretary to make the best use of existing networks of State schools.

Ministry staff will visit your school within the next month to provide the board with a copy of the Guidelines for the Development and Operation of Enrolment Schemes, and a copy of the binding Instructions issued by the Secretary controlling the operation of enrolment schemes and particularly the holding of ballots. It is important that a member of the board is available for this meeting.

Of particular importance in the development of an enrolment scheme is the designation of a suitable home zone. I strongly recommend that you reach general agreement with the Ministry over the proposed zone prior to undertaking the consultation requirements. Ministry staff will assist with the development of a proposed map which may, of course, be subject to change as a result of the consultation process.

If at any time you require further information, do not hesitate to contact me on 6329332

Yours sincerely

Nicholas, Sheryl has nabbed me for Wednesday 18 June. I think next week is now a bit too soon. How are you placed for Tuesday 17 June?

Thanks for the meeting yesterday. The suggested timeframe is attached. Can you give me your preferred date(s) for the schools meeting and the schools you would like invited.

The meetings could be 4.00-5.30.

I would like to get the mail merge in the mail tomorrow.

Any queries about the timeframe don't hesitate to get back to me.

Dear Principals and Board chairpersons

Recently I met with the chairperson of the board of trustees and the principal of Selwyn College to discuss the need for the school to adopt an enrolment scheme.

As the schools which are likely to be affected I would like to invite you to a meeting so that this is a more collaborative approach; whereas in the past the development of schemes has often been seen as unilateral. The meeting does not replace the board's requirement to consult with schools likely to be affected.

Sheryl and I discussed the possibility of holding the meeting at Selwyn College, 4.00-5.30 Wednesday 18 June. The purpose of this email is to invite you and a board representative to attend at that time. At the meeting we will share local demographic information and the Ministry's projections for roll growth in the area. A draft enrolment scheme will also be available

Schools likely to be affected are state schools that contribute Year 9 students to Selwyn College

- Kohimarama School
- Orakei Primary School
- Remuera Intermediate
- St Thomas's School
- Stonefields School

And state secondary schools in the local area:

- Glendowie College
- One Tree Hill College
- Tamaki College

Please note for primary schools in the Kohimarama-St Heliers area an email will follow about a similar meeting for 4.00-5.30 Monday 30 June to discuss possible amendments to the St Heliers Bay School enrolment scheme. This meeting will be hosted at St Heliers Bay School.

Should you have any queries regarding this email do not hesitate to call me or contact me by email.

**Subject:** Selwyn's BOT Response to the Proposed Zone

Hello Ray

The Selwyn BOT met this week to review the proposed zone drawn up by the Ministry. They have asked me to convey to you the following response:

Overall, the BOT is very pleased with the proposal and thoroughly endorses the inclusion of Stonefields as part of Selwyn's home zone.

The BOT does not support the proposal to make St Johns Park a shared zone. The fact that this 'island' it is Glendowie's zone is an historical anomaly. It should be in Selwyn's zone only as it is not 'reasonably convenient' to Glendowie College.

The BOT would prefer the southern zone to be along Marua Road as it is the natural boundary and would certainly want to have Abbots Way and Lunn Ave in the Selwyn zone.

To the west, the BOT would prefer the shared zone to be drawn down Victoria Ave.

The BOT would appreciate knowing the rationale for the wiggly line defining part of the eastern zone in Kohimarama.

The variations in the FTTEs to the number of people is because of the differences in the numbers of students who are full-time or 0.7 each year.

**Do let me know if this is sufficient to meet your needs and of course, I am happy to clarify everything should you have questions.**

*Selwyn College REAF Programme is unique nationally and internationally. It is the recipient of a New Zealand Diversity Award, Race Relations. It offers a safe, supportive learning environment that respects adult refugees and their culture. The programme teaches English language and numeracy with emphasis on integration into New Zealand society. The programme equips students with the knowledge, skills and values to be successful citizens.*

## **Background**

REAF began its operation in 2000 with the close support of the Ministry of Education. The REAF department has close links to the Carol White Family Centre, built on site by a special MOE grant in 2004. This centre receives on-going MOE funding to support the pre-schoolers of refugees so that their parents can attend classes at the school.

## **Enrolment criteria**

**The total number of available places in the REAF programme are equivalent to 120 FTEs or 150 persons who**

- Must be adults from refugee communities, quota refugees, asylum seekers, or family reunification.
- Must have residency, PR or citizenship. Asylum seekers who have been granted asylum and are awaiting resident status are also able to enrol on production of the correct documentation. Those on a Work Permit may be enrolled but will need to obtain a variation to study.

## **Objectives**

REAF supports the principles laid down in the NZ Curriculum. These principles are based on the premises that the individual student is at the centre of all teaching and learning, and that the curriculum for all students will be of the highest quality. The principles affirm and reflect New Zealand's identity. Learning is shaped by the diverse experiences, values and cultural beliefs that students bring from their informal learning.

REAF aims to:

- foster achievement and success for all students. To clearly define at each level the achievement objectives against which students' progress can be measured.
- design programmes that are appropriate to the learning needs of the students.
- encourage students to become independent and lifelong learners.
- provide all students with equal educational opportunities.
- recognize the significance of the Treaty of Waitangi.
- reflect the multi-cultural nature of New Zealand Society.
- relate learning to the wider world.
- recognize that acquisition of a language takes place at different rates depending on previous education, experience and age.

- ensure that first language maintenance continues to be valued.

Advert: Use the Draft newspaper notice indicating and enrolment scheme has been adopted (p29). Amend it to read

Heading: **Draft Enrolment Scheme for**

In order to avoid overcrowding or the likelihood of overcrowding the Ministry of Education has directed to develop and adopt an enrolment scheme. Under this scheme students will be automatically enrolled if they live within the home zone described. A copy of the draft description is available at the school office or on request. It is also available on the schools website

The enrolment of out of zone is governed by the provisions of the Education Act and applications are subject to the balloting of available places according to stated priorities e.g. siblings of current students.

Letter:

Dear XXXX

As recently discussed at the meeting of the Board of Trustees of has been directed by the Ministry of Education to develop and adopt an enrolment scheme.

Section 11C of the Education Act requires our board to consult with:

- The parents of students at the schools
- People living in the area for which the school is a reasonably convenient school
- The boards of other schools that could be affected by the proposed enrolment scheme

*I am writing to your board to seek your views on the proposed draft scheme which has been drawn up by the board in conjunction with the Ministry – copy attached. I would appreciate a reply by XXXXX. Once the board has considered the responses from boards, parents and the local community we will submit our proposed scheme to the Ministry for approval.*

Hello Ray

The Selwyn BOT met this week to review the proposed zone drawn up by the Ministry. They have asked me to convey to you the following response.

Overall, the BOT is very pleased with the proposal and thoroughly endorses the inclusion of Stonefields as part of Selwyn's home zone.

The BOT does not support the proposal to make St Johns Park a shared zone. The fact that this 'island' it is Glendowie's zone is an historical anomaly. It should be in Selwyn's zone only as it is not 'reasonably convenient' to Glendowie College.

GC has 111 students from this area. I think it will become very contested issue if it is Selwyn alone unless you have talked with GC

The BOT would prefer the southern zone to be along Marua Road as it is the natural boundary and would certainly want to have Abbots Way and Lunn Ave in the Selwyn zone.

We should discuss this with Nicholas. Currently SC only enrolls 40% of students and OTHC the balance who do not go to other schools

To the west, the BOT would prefer the shared zone to be drawn down Victoria Ave.

Shared with AGS and EGGs?

The BOT would appreciate knowing the rationale for the wiggly line defining part of the eastern zone in Kohimarama.

Will look at it

Hi Ray,

I've prepared the second draft of the Selwyn College home zone.

Could you please forward it with the following comments (or similar):

- Any shared areas with Glendowie College will need to be dealt with as part of a separate process;
- I have now included: Marua Road and Lunn Ave to the South, and Victoria Ave to the West as an initial step but of course this will hinge on consultation with other schools;
- The lines are "wiggly" because they follow the land parcels rather than the streets and so are not as linear (and also in this case because the zone is drawn to ensure that all students who are currently zoned for St Thomas School, Kohimarama School, and Stonefields School are also included in the new Selwyn College Zone).

Hi

Hi

Thanks for your feedback on the draft maps and I think [redacted] has circulated examples for your consideration.

For the purposes of the meetings this week I have decided to revert back to the original draft outlines that we provided to you. We will have these maps available for the meetings.

We will also have a slide showing the preliminary feedback from your boards i.e. a draft map and you might like to comment on the areas of interest for your boards. This means that it will be a no surprise basis. It will also give you the opportunity to seek the agreement with your colleagues around any proposed overlaps, before I make the final decision.

Sheryl, like Nick can you have a laptop and data projector available please.

Do we need an urgent talk re the proposed overlap between Upland Road and Orakei Road?

I know previously you said was it worth the trouble and given the recent media interest I would be happy to discuss.

You may also want to talk with Nick.

I could manage a meeting at Selwyn if Richard was available any time up 3.00 tomorrow by shifting other things.

Hi Ray

Here are the two documents. I thought I had already sent you them to you. Please let me know if you require more.

Is it possible for you to forward me a copy of the press release that was sent out yesterday. People think that only OTH have withdrawn from their Grammar shared zone proposal and we are getting irate calls and emails.

Regards

Sheryll

Hi Sheryl

Thanks again for yesterday. I appreciate the position Nick and you have been put in.

Have you given any further thought to criteria for the M & R special programme as I will need to get that approved by the Secretary. Just needs to be fair and transparent how students will be accepted.

Similarly, the Totara Unit requires a selection/entry process although the special programme is universal in this case and does not need further approval.

I had an interesting discussion with a SE service manager earlier about a student in the Tamaki area- Cobden St.

59 2 (a)

I don't think the legislation was written for this type of situation.

Our advice is to check with SC if it is taking any out of zone students in the first instance and apply by the close of date. Simultaneously the parent should apply for Tamaki College.

Not urgent but I will need to get the information on the two programmes by late next week.

Cheers

Ray

Hi Nick and Sheryll,

As I think you have discussed with Ray today, we need to get you some new maps for consultation. Could you please take down the ones that are currently on your website and we will endeavour to get new ones to you as soon as possible.

Best,
