Dear Jaeger

***Request for information***

Thank you for your Official Information Act 1982 (OIA) request of 8 July 2022, in which you requested information relating to the New Zealand Police (Police) vehicle fleet.

You requested:

- *All cars and the quantity used in the Aoraki Region?*
- *The number of vehicles used by each department, such as CID or Highway Patrol?*

This information was sourced from the Master Fleet Register which is subject to change daily. This can be for several reasons, such as a vehicle has reached the end of its service and decommissioned, replaced by a new vehicle, or transferred to a different working group.

As of 19 June 2022, the total number of vehicles in the Police vehicle fleet is 3650 vehicles.

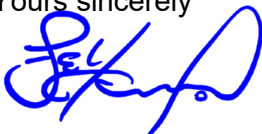

Police also lease several different types of vehicles for various roles across the organisation, totalling 95 vehicles.

The Aoraki Region is within the Canterbury Policing District, which has a total of 313 vehicles and spread across the following work groups.

- |                      |     |
|----------------------|-----|
| • Public Safety Team | 141 |
| • Investigation      | 53  |
| • Prevention         | 7   |
| • Resolution         | 3   |
| • Response           | 53  |
| • Road Policing      | 55  |
| • Airport            | 1   |

I trust this information is of use to you.

Yours sincerely

Inspector Brian Yanko  
Manager: Fleet Service Group  
New Zealand Police
