# Why MedView

## The onboarding process

One size does not fit all. Your package is yours! One that nobody else has ever used.

## Uniqueness of tuition

Our global reach allows us to benchmark student performance against international standards, and thereby help to ensure that your results are truly competitive.

## Holistic approach

We provide mentoring and support for every aspect of the medical school preparation process, and each one is tailored to suit individual student needs.

## Accessibility & support

Anywhere, anytime. Each MedView student is onboarded to our mobile & web app, where students can book sessions and view their tailored timetable of customised tasks.

## 320+

## Global Network of Tutors, Mentors and Doctors

A network of 320+ tutors, mentors and doctors - many of whom are studying at or were students of your dream medical school.

## Simulated Practice

More questions, tests & feedback than anyone else, that replicate the actual exam and interview.

## Your MedView Team

**Academic Advisors**

**Admissions Specialists**

**Current Med Students**

**Tutors & Mentors**

**Qualified Doctors**

## Hear from Other MedView Students

As a lot of students in BioMed / HealthSci, I experimented with many companies that offered tutoring for the challenging courses and UCAT but I found MedView most helpful, as it was a collective that was experienced and well-resourced in providing efficient study help. They were by far the most structured and efficient lessons I'd been too.

**Devanshi**  
University of Auckland

The worksheets that MedView provided for every class and review sessions were extremely beneficial in testing and finding gaps in my knowledge. The exam review sessions were also enjoyable and gave me a holistic view of the subject. The Q&A sessions after classes were also helpful as it gave me an opportunity to get clarification on concepts I found difficult, without holding up the class.
