### **Response to your request for official information**

Thank you for your request under the Official Information Act 1982 (the Act) to Manatū Hauora (the Ministry of Health) on 14 December 2022 for information regarding COVID-19 vaccine efficacy. You requested:

*Please provide a list of all of the "Benefits" associated with the vaccine that outweigh the risks of potential death from the vaccine to include information associated with various age groups, at risk groups, ability of jab to stop transmission, alternative treatments, long term data for medicines with emergency use and anything that would be considered a benefit that outweighs the risk of sudden death*

The indication for use (benefit) of a medicine is listed in the vaccine data sheet. Information concerning efficacy can be found from page 10 onwards at:  
[www.medsafe.govt.nz/profs/Datasheet/c/comirnaty0.3mlGreyCapinj.pdf](http://www.medsafe.govt.nz/profs/Datasheet/c/comirnaty0.3mlGreyCapinj.pdf).

An overview of benefit versus risk assessment is publicly available at:  
[www.medsafe.govt.nz/consumers/safety-of-medicines/medsafe-evaluation-process.asp](http://www.medsafe.govt.nz/consumers/safety-of-medicines/medsafe-evaluation-process.asp).

Extensive information concerning the Pfizer vaccine can also be found in this previous OIA response at: [www.health.govt.nz/system/files/documents/information-release/h202106950\\_response.pdf](http://www.health.govt.nz/system/files/documents/information-release/h202106950_response.pdf)

*Can you also provide a list of all of the countries that the Ministry of Health is aware of who have stopped vaccination in various groups, eg young, healthy and the justification associated*

The Ministry does not compile this information. Therefore, this part of your request is refused under section 18(g)(i) of the Act as the information requested is not held by Manatū Hauora and there are no grounds for believing it is held by another agency subject to the Act.

*Name of Medicine*  
*Manufacturer*
