REF: OIA-12480

Dear Adam

**Request made under the Official Information Act 1982**

Thank you for your email of 20 April 2023 requesting the following information under the Official Information Act 1982 (the Act):

- *How many cameras does NZTA currently use to monitor roads and public spaces?*
- *Of these cameras, how many are made by Hikvision?*
- *If this information is available, I would also appreciate any further details regarding the use and maintenance of these cameras and if they will be phased out.*

Waka Kotahi NZ Transport Agency currently has 1404 cameras in use to monitor roads and public spaces.

There are 91 Hikvision cameras connected to the Transport Operation Centres. None of these cameras are owned or managed by Waka Kotahi, however their output images are integrated into our camera system.

All relevant external parties have already been advised that these cameras will need to be replaced with another brand (when due for renewal) before being connected to our camera system.

In line with Waka Kotahi policy, this response will soon be published on our website, with personal information removed. If you would like to discuss this reply with Waka Kotahi, please contact Ministerial Services at [official.correspondence@nzta.govt.nz](mailto:official.correspondence@nzta.govt.nz).

Yours sincerely

**Liz Maguire**
