<b>Total</b>	<b>662</b>	<b>100%</b>

**Caveats**

- *Data of 22 May 2024*
- *Please note the Total in 'Did not meet more than one criteria' in the second table is inclusive of other unmet criteria also for example, some are grouped together, did not meet presence/did not meet photo requirements being the same reason a Citizenship by Grant application did not meet.*
- *Please note the table above is excluding Citizenship (Western Samoa) Act 1982 application type (as they assess under different criteria). The tables only include applications that were submitted through CCMS – Our Citizenship Database (not digitised paper application).*
- *For Group applications if one application did not meet the automatic checks the whole group does not meet.*
