I refer to your information request dated 23 May 2023 made under the Official Information Act 1982. You have requested mark and grade distributions for the 2017 – 2022 LAWS101 papers for students who were successful in entering Second Year Law the following year.

Subject to the following comments, please see attached the information you have requested.

- students are included if their LAWS101 mark is in the year immediately prior to their admission to Second Year Law. We are unable to provide the information if a students' LAWS101 mark was more than one year prior to enrolment in Second Year Law. For example, if a student was enrolled in LAWS101 in 2019, but was not enrolled in LAWS101 in 2020, and enters Second Year Law in 2021, they are not included in the data.
- in the attached mark and grade distributions, we note that students are only included if they were successful in entering Second Year Law after taking LAWS101. Students who were not successful in entering Second Year Law after taking LAWS101 are excluded from the data.

I trust that this information will be helpful.

Yours sincerely
