Thanks Hannah. We are looking at ways to provide more OIA assurance – the stuff they are worried about is all commercially sensitive anyway, and we don't intend to release the data at its most granular, just sort it and produce aggregated information – at the land parcel level it's not interesting anyway...!

Cheers

Hi John

No problem! And you have my sympathies re: grumpy stakeholder email...

I'm still around if you need to chat anything through.

Thanks
 Hannah

Hi Hannah

Sorry, I know you are busy...

I am just in the process of dealing with a somewhat grumpy email from a WISP (from a person known to me...). I can happily deal with all the points (just needed time to calm down to point where I could produce a professional reply). Most of it is easy, but they have asked about the Privacy Act implications. [REDACTED]

A quick answer would be good since I'm replying to an email....

Cheers
