It has not – it came up again in our engagement with ISPANZ just now. Members very weary of sharing sensitive information.

Ngā mihi nui,
Trish

Thanks Trish – email looks good. Has it gone through anyone in privacy already? If not I'll discuss with Jess when I speak to her. Thanks

Thanks Hannah – you can also refer to the attached email (was planning to send to you and Ben after Holly's contribution), which mentions privacy.

We would like to send the draft info requests this Friday, but as Ben will need to review this will likely be on Monday.

Ngā mihi nui,
Trish

Thanks Jordan. I've taken a look through these and ██

██

████████████████████ When are we planning to send out the draft requests? I'm speaking to Jess tomorrow (she's tied up today) but if needs be I don't think that should hold up sending out the draft requests, more that ██████████████████

██

Otherwise looks good from my perspective, and thanks for sharing.

Thanks,
Hannah

Subject: [REVIEW] Data request - RCS

Hi Hannah

Just following Trish's actions for the RCS

Data specification –
-   **Action:** John to review and Jordan to send to Chris Hansen, Martin Roundill and Mags to review – check for clarity, format of data, etc. – request feedback by COB Monday.
-   **Action:** Jordan to update data specification by COB Tuesday and share with Hannah for legal check from a scoping perspective, in terms of powers, ToR, etc.
    Hannah to complete review by COB Wednesday.
    Nothing to flag as a concern in this space – John comfortable with what is being requested and for what purpose.

Attached is the data specification for your review. We are basically defining each of the data sets that each provider will need to provide to us. This is combining what is in the RCS data map and what we would need to be able to calculate what we currently have in the AMR. John, Mags and Chris Hansen have reviewed this but we will still need to do some tidying.

Ngā mihi
