Hi Ben

There is a typo in Hannah's second point ii) **of the performance and development of in rural areas. Kill the second "of" in this sentence.**

Hi Hannah

Thanks for your comments well spotted! We'll be getting this doc out on Monday. We're not keen to send it out so late on a Friday but thanks again for taking the time to have a careful read and make the document internally coherent

Have a great weekend
Robert

Hi Robert

Thanks for these and sorry for the delayed response – I have been tied up on something else.

The doc is with Mark W – I’ve asked him to provide his feedback asap and to let me know if he won’t be able to get to it today (I know Ben wants this to go out today). I’ll keep you posted.

Many thanks,
Hannah

Hi Hannah

I think I have finished with the docs so here they are.

Cheers
Robert

Thanks Ben – all makes sense and agree with your plan re: proposed sign off.

If [@Robert Deuchars](mailto:Robert.Deuchars@comcom.govt.nz) can shout when the document has been updated, I’ll give it a quick further read before sharing with Mark W (I’ve flagged to him it’s likely to be ready this afternoon and enquired as to his availability to review but am waiting a response).

Cheers,
Hannah

Cheers Ben. Looks good. I've included a few comments below (drafting suggestions in red/questions from comments from in highlighted text). I'm also not sure, having cross checked with Elisabeth's email, that we've captured the point highlighted below in the doc. Thoughts?

-

Thanks,
Hannah

Hi Hannah and Robert

I thought Elisabeth in particular would need a bit more detail so I've added it to the email below. Let me know what you think.

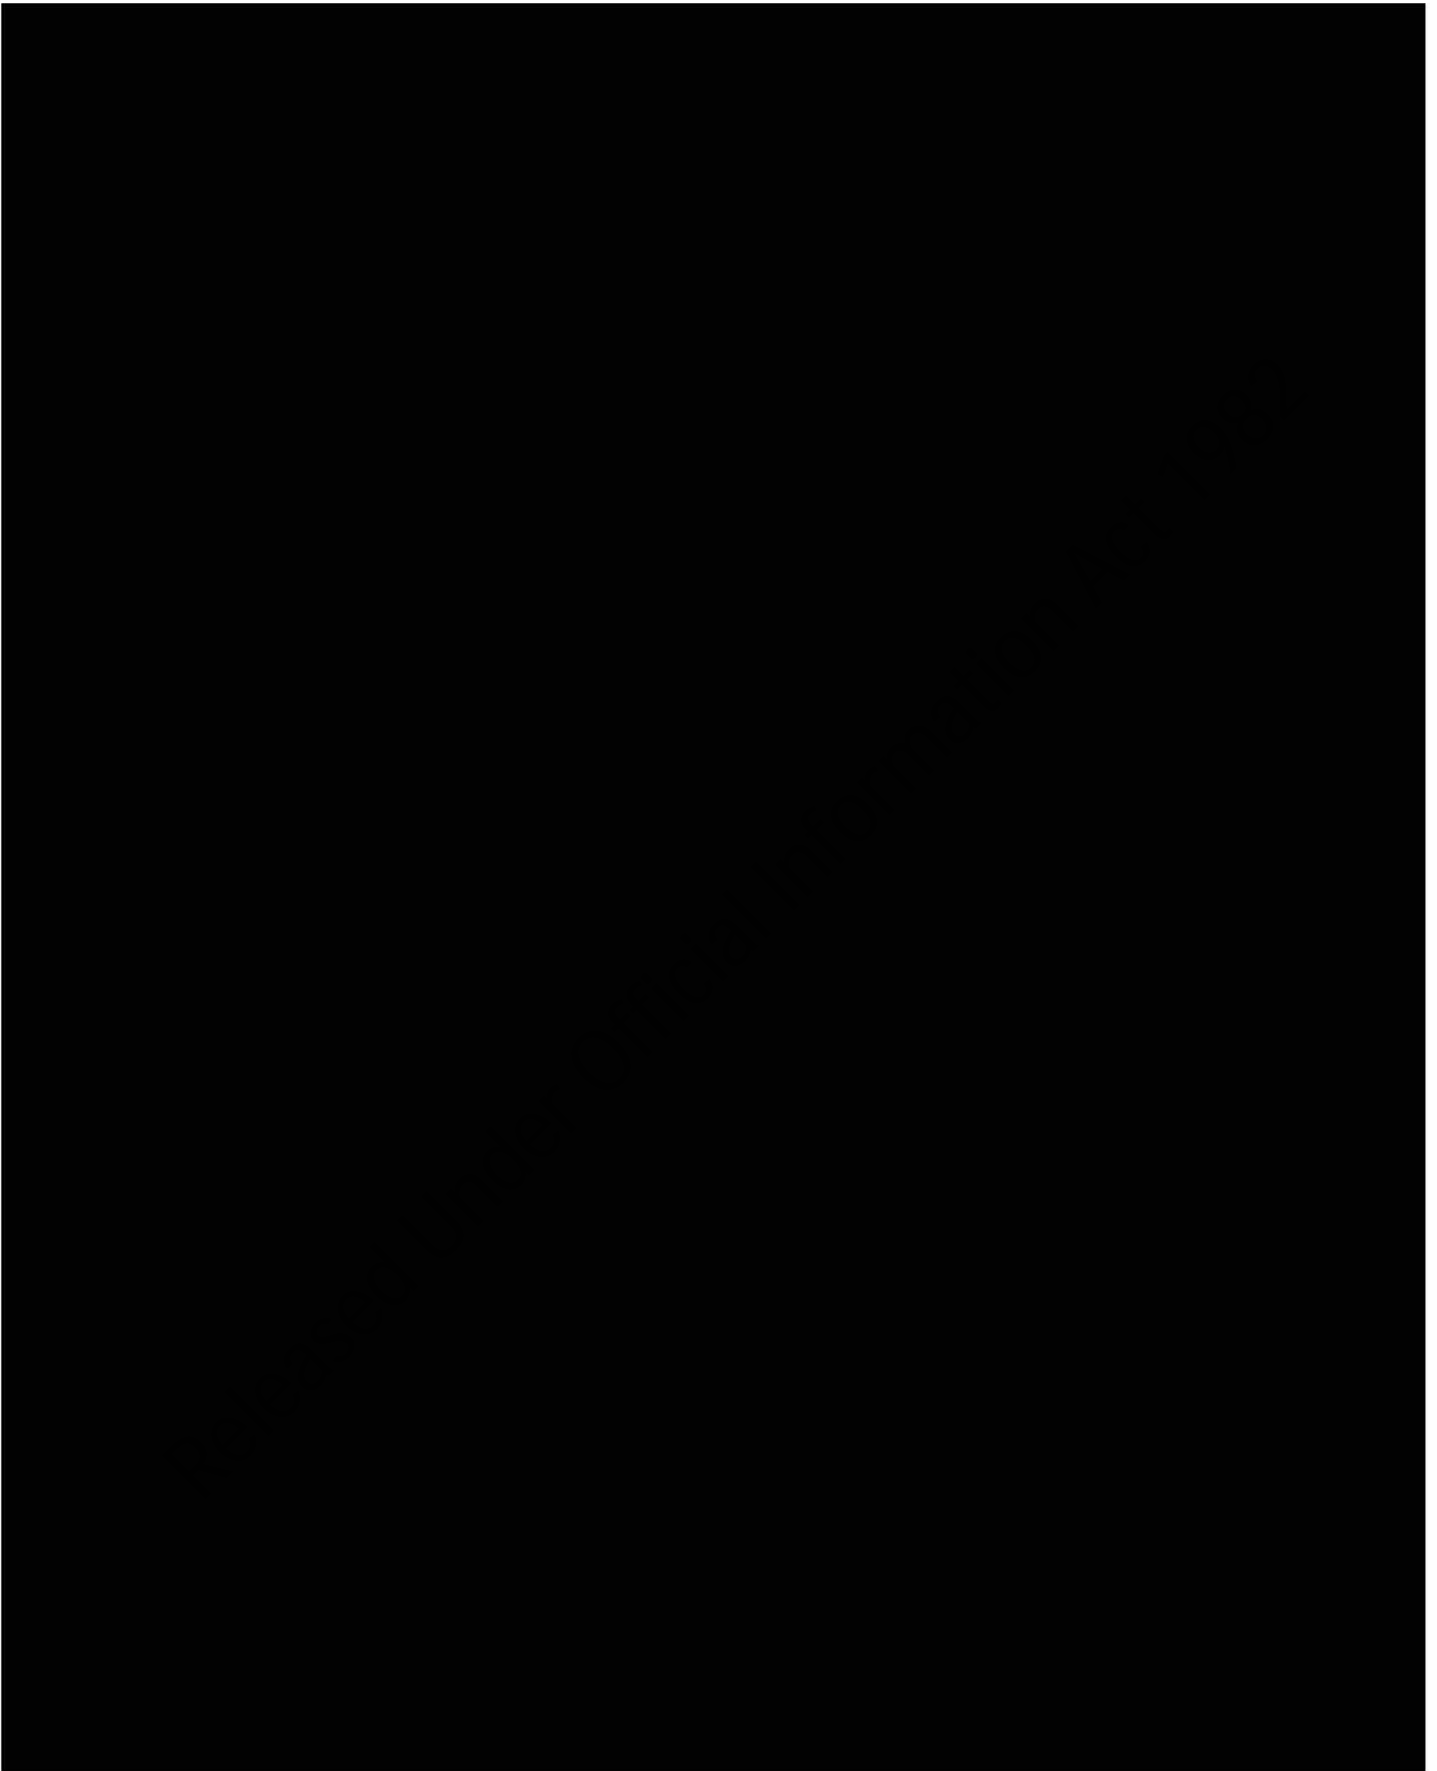

I'll have another look at this (and the point in red) when I get into the office, but my battery is about to die!

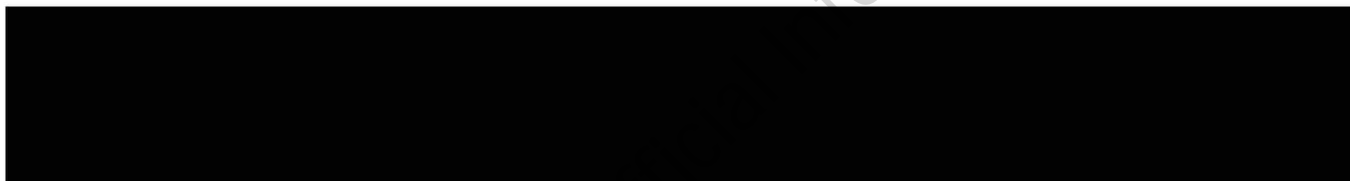

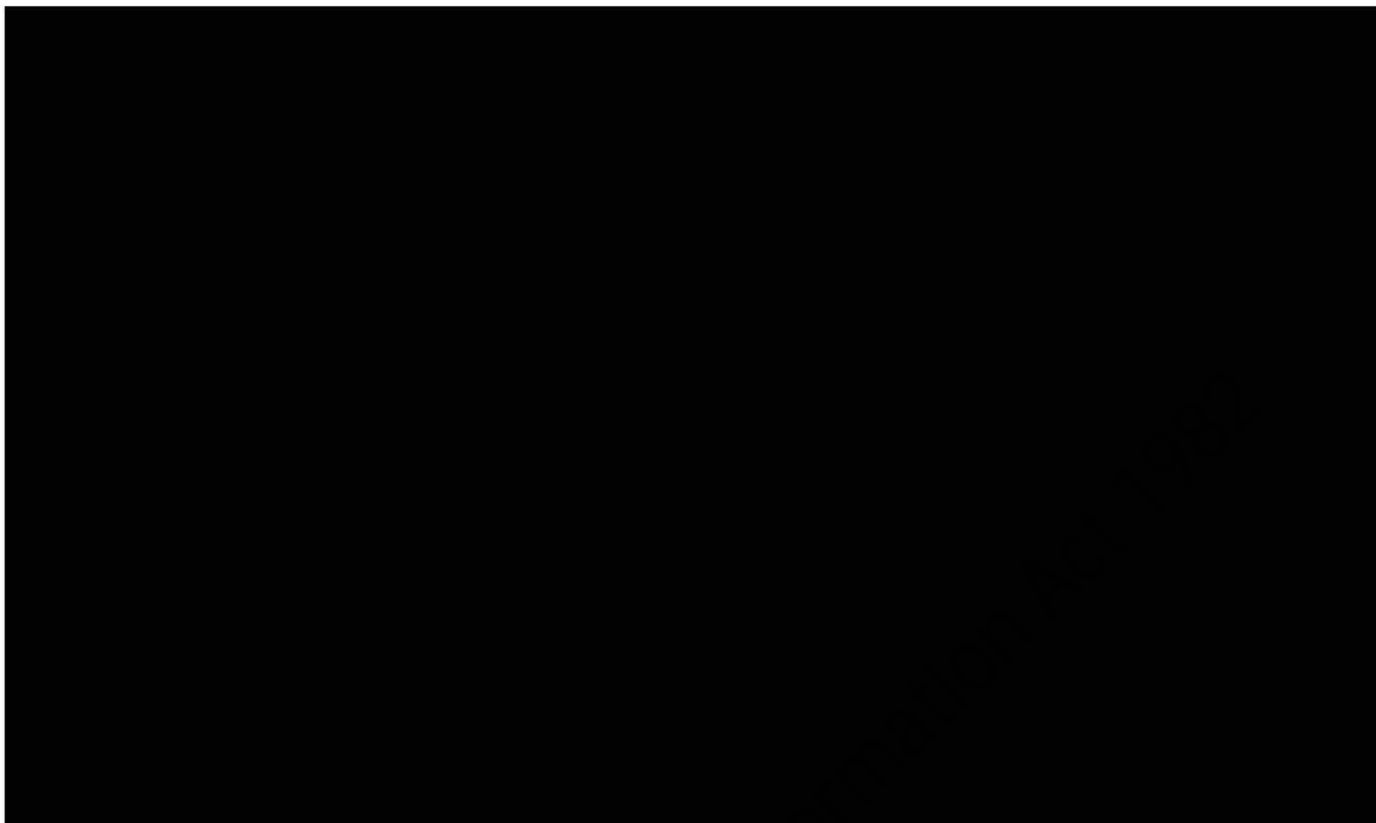

Cheers
Ben

Thanks Nathan for you comments – we'll look to address those.

No worries Elisabeth, I can work with Tristan to tweak the wording in the symposium speech. Our back up date for publishing the ToR is 22 May, which would mean finalising the document by 19 May. Do you think you'll be able to get us your feedback by mid next week?

Kia ora Commissioners

Here is an updated version of the Rural Connectivity Study Terms of Reference, following feedback from Division last week.

As agreed at Division, we will work with Tristan to finalise this document before publishing it on (or just after) 17 May.

Please let me know if you are happy with the changes, or if there is any other feedback you'd like us to consider when finalising it. It would be great if you could do this by **COB Thursday** so that we can lock down the TOR and the corresponding media release before the end of the week.

Key changes we made (tracked in the doc):

- Made the link to our routine monitoring (specifically the Annual Monitoring Report) stronger.
- Softened the link to the 69AH copper review – we have done this by putting it at the bottom of the list of things it will inform, and made it clearer that review is a separate process.
- Included capital investment in rural services in the scope of the study.
