Hi Karen,

Thanks for your email. I have left a message on you phone to discuss these minutes. From my understanding meeting minutes are notes taken to record discussions. These minutes mention things that were not discussed with us during the meeting. For example advantages and disadvantages of the tree removal. If you could call me discuss this that would be great.

Best regards  
Lauren

Hi Julie,

I hope you are well. Please could you provide me with the minutes from our council meeting today regarding the trees? If you can't are you able to let me know who I can contact that will provide me with a copy of these? Could you also make a note that Tom or myself would request to be present when Adrian Lamont carries out the second assessment of our trees? He won't be able to gain access to them unless it's through our property. I am available on [REDACTED] and Tom is available on [REDACTED]

Kind regards

Lauren and Tom Long
