Ko wai ahau? (Who am I?)

Kia ora. This pathway will guide you when you're feeling overwhelmed, help you get through tough times, give you hope and keep you safe.

Try to work through this pathway when you're feeling calm. Be really honest with yourself – write notes, draw pictures or scribble thoughts... whatever comes naturally. When you see take photos of the page so you can easily check it during challenging times. This pathway doesn't need to be completed all at once – take some time and come back and add to it.

Ask a mate you trust or a supportive family/whānau member to work through this with you. You could also ask another support person, like a school counsellor or health worker, to give you a hand. They can encourage you or help give you ideas if you're struggling with what to put on your pathway.

22 2

We've included some examples to kick off the kōrero, but there are no right or wrong answers - do what feels right for you!

What's happening with me?

lost hope/feel angry sleepy/can't sleep questioning my sexuality feel sad/frustrated/scared/nothing arquing/too much alcohol or drugs feel overwhelmed/like a burden feelings of shame/self-harming want to be alone/avoiding whanau or friends struggling with school/work thinking about death/dying insecure about my looks can't breathe/having panic attacks thoughts of suicide/killing myself feeling isolated questioning my identity

Stay safe checklist

take a break from toxic social media limit screen time

remove items that make me feel unsafe
- give to a mate, throw away or lock up
stay away from places that make me sad
give my car keys to someone I trust
avoid people who hurt or upset me
call a helpline/contact a counsellor
be with or talk to someone who cares about me

do things that make me feel good

You can **call** or **text 1737** anytime to talk to a trained counsellor or contact **Youthline** (free call 0800 376 633 or free text 234).

When things aren't going well, you need support to keep yourself safe. Reach out to someone you trust or connect with a counsellor or health worker.

What's on your stay Released under the Offical Information Act, 1982 safe checklist?

What makes me feel good?

being with friends who make me feel good gaming, skateboarding, playing sport... being on the marge/being outside watching a beautiful sunset moving! - running, walking, dancing... cuddling my pet/walking on a beach taking deep breaths/stretching writing, reading, drawing, taking photos, baking... saying a prayer/going to church listening to positive, happy music eating something delicious/shopping for a treat It's hard to find energy or enthusiasm during tough times, but doing small things that bring you hope can help when you're experiencing challenging thoughts.

Stay connected

spend time with/call/message a mate
walk on the whenua with mates or whānau
visit my nanny/koro/other whānau
go to the gym/marae/library/

community centre...

go to a busy mall/playground/café
play cards or board games with flatmates
or whānau

Connecting with friends or whānau or just being around others at busy places can help you feel better. Think about where you could go or who you could connect with.

What's important to me? \(\int \)

my mates my pets

someone I love who understands me

my art/music/writing/sport...

my whānau

my faith

an upcoming holiday/sports event

During tough times try to focus on what's important to you or something you're looking forward to.

What gives you hope or Released under the Offical Information Act 1982 brings you joy?

This probably hasn't been easy, but you've done some great mahi! Look back over your pathways and record three things you'll do to help you feel better when times are tough.

My support team

Make a list of people you're comfortable sharing how you're feeling with. It may be a counsellor, doctor, whānau member or trusted mate(s).
