Your request for information under the Local Government Official Information and Meetings Act 1987 (LGOIMA- CAS-852868-Y9F5M2)

I refer to your official information request dated 31/01/2024 CCTV camera locations

- 1. I would like a list of all the cameras, cctv, anemometers, and any other devices, as there are one or two, I don't recognise.**

Attached are two lists – a Word doc of City Rail Link cameras (CRL for those located in Te Komititanga), and an Excel spreadsheet of AT cameras (located on the requested surrounding streets).

- 2. Are there any noise and/or air quality measuring devices, or pedestrian count devices?**

This part of your request has been transferred to Auckland Council under section 12 of LGOIMA.

- 3. I would like to know who has ownership and is responsible for each, in short who is recording and collecting the info and data.**

With regards to the cameras in the attached documents, these assets are owned by AT or CRL, as per the lists. CCTV recording and data collection is handled by AT for both AT-owned and CRL-owned CCTV cameras.

- 4. I understand that some of the equipment may not be owned by AT but am unsure who owns the poles on which most of the equipment is located.**

This was a new project as part of city rail link. It was completed in 2021. None of the devices or information about them were handed over to us, other than the poles themselves and the luminaires. we believe these devices were commissioned by Heart of the City and the events CCO Tataki Auckland Unlimited to count people. (possibly using the company count culture) but have no further information as they are not maintained or operated by AT.

we trust this clarifies your request, but should you believe that we have not dealt with your request appropriately, you are able to make a complaint to the Office of the Ombudsman in accordance with section 27(3) of the LGOIMA Act and seek an investigation and review regarding this matter.

Ngā mihi,

A handwritten signature in black ink, appearing to read 'Phil Wratt', is positioned above the printed name.
