Hi all

I have now received both responses from [ s 9(2)(a) ] and [ s 9(2)(a) ] (attached) – to the first standard letters requested at the last Board meeting. I have added both their files to the start of OneDrive – see folder 's7(1)(d) RESPONSES'

I will add these to the end of the cyber meeting (27 March), for discussion/confirmation of their placements on the watch-list.

As [ s 9(2)(a) ] has a history of former Notices, including an interview in November 2018 for his licence renewal, I have added his previous folder 5-1-65 for background information. This includes some information about his interview, and the October/November 2018 meeting minutes (highlighted in yellow).

Regards
