Amy,

Note my highlighted area.

I have my doubts that 'working on a major project with the Police Commissioner' is the required avenue for ensuring the right information is gained from an AUT perspective. I was considering asking the VC for permission to peruse the emails for hate and racial content (I like to know what we're dealing with); this would also involve Kylee's consent – which I don't think we'd get.

Any thoughts?

Willie.

Kia ora Willie,

Thanks for reaching out – I'm confident I can manage at this stage thanks – will coordinate with colleagues to make sure I'm not on my own on our floor when I come in. I'm going to work from home

today and tomorrow.

Re the emails – I'm working on a major project with the Police Commissioner at the moment, so I have the police response covered thanks.

I'll let you know if anything changes.

Nga mihi,

Khylee

Kia Ora Khylee,

I am aware of your current situation and the amount of vitriol that is being aimed at you.

It is also my understanding that you do not feel safe coming into AUT and your workspace.

Are there any measures that I can take to assist you? For example, a security presence when you are arriving/leaving AUT?

Regarding the emails etc you have received of a threatening nature is it your intention to escalate these to police? If so, I can also assist.

I can be contacted at any time via phone if you wish to discuss further.

Ngā mihi,

Willie.
