Caveats for this data:

- This is 2023 data
- These are schools that reported a level of attainment in a Cambridge assessment through the International Assessments Collection
 - See below for how we define attainment in a Cambridge assessment
- We do not hold data on schools that offer Cambridge Curriculum, and we do not receive this data from Cambridge. We rely on the school to inform us and submit achievement data.
- The Cambridge International Examinations website also holds a (longer) list of schools in New Zealand approved to offer Cambridge ([Find a Cambridge school \(cambridgeinternational.org\)](https://www.cambridgeinternational.org)) as and a list of members of the Association of Cambridge Schools of NZ is also available ([The Association of Cambridge Schools in New Zealand \(Inc\) - ACSNZ Members](#)).
- Zone has been included as an indicator of whether the school has one or not.

For Cambridge, we define attainment in these 3 levels:

- Level 3:
 - a minimum of 7 passes from AS- or A- level courses from (from year 12 or year 13), with at least 3 of the passes being a D grade or better
 - OR a recognised CIE qualification from AS or A level study
 - OR 3 A2-level passes
- Level 2
 - a minimum of 4 passes from AS level subjects
 - OR a pass in 1 or more A2- level subjects
- Level 1:
 - a minimum of 4 passes in IGCSE subjects, including a literacy subject such as English and Mathematics
 - OR a pass in 1 or more AS- level subject(s)
