OIA 2324 1120 – Appendix A

Caveats

- The data was collated on 4 July 2024 and is accurate as at this date.
- Because table two contains country of birth data and some very small numbers, counts of less than 5 have been masked with <5 to prevent identifications of individuals. Row and column totals have not been provided as these could be used to determine masked values.
- As the data is extracted from dynamic systems, there may be small variances when compared with prior or future datasets.
