Hiya,

Hugely appreciate your help and that sounds excellent. Apple will be very happy with that as a loose agenda.

s9(2)(a) will be on the ground for the trip too so any questions about attendees or specifics he'll be able to help you with.

Hi Georgie

The PM is interested in a direct conversation with Apple about what we can do to make

NZ an even more attractive destination for Apple to grow its innovation investments. If helpful, we could even talk about an agenda, e.g.: 1. PM to describe NZ as an innovation investment destination; 2. Apple to respond on (a) what they see in small, advanced economies with good innovation eco-systems; and (b) their direct interests in NZ and what it would take to grow these.

We understand that s9(2)(a) would be good to talk to about creating innovation eco-systems.

Hello,

Not in Scope

Firstly, Apple has confirmed a visit from the PM while he's in Cali and their NZ public policy manager s9(2)(a) (Melbourne based) would love to better understand the policy/trade intent from a PMO perspective so he can ensure the PM gets the most out of his visit. Are you happy to connect with him if I give you his details? Alternatively, you can tell me and I'll pass it onto him.

Hope to hear from you and please let me know if you need any more info!

Thanks,

Georgie

Kind regards,

**Georgina Stylianou**
