Kia ora Anne

I have received a petition from Bevan Hamilton to eliminate boat ramp fees.
He has asked that the petition be presented at the Council meeting on Monday, 10 June 2024.

Do you approve the petition being presented at the Council meeting?

I explained that the petition did not meet the 5 clear working day requirement to be sent to the Chief Executive. Bevan advised that he thought it was 5 days before the meeting which he has been working to.

He has sent through the email petition (attached) with 1000 signatures, which does not currently include the email addresses, but he advises that he will provide these email addresses shortly. In that case the petition does comply.

Hi Coarl,

As per our phone call I would love to speak on behalf of the petition I have sent you a link too.

It is regarding the new boat ramp parking fee in Tauranga region.

If I could be added to the agenda for Monday the 10th that would be great. Sorry I'm so late with this I hadn't realized the 5 days were working days.

I've attached a link to the petition I will speak for. But I won't be able to download the signatures until I've been contacted back by action station.

I'm also going to forward you the change.or signature list that totaled over 1000.

Emails will be visible from action station.

Cheers, Bevan.

I'm following up on our phone call yesterday about your query to info@tauranga.govt.nz regarding a petition on boat ramp fees that you are organising.

The requirements for petitions are set out on our [website](#) and you said you are aware of this and confident your petition meets these requirements.

The next stage is to send your petition in to the Council so it is received by the Chief Executive at least 5 working days before the date of a meeting at which it will be presented.

The last Council meeting before the election is Monday, 10 June 2024, although it maybe that the petition is referred to the incoming council following the election.

I refer you to agenda item 11.23 which is a staff [report on boat ramp user fees](#) that the Council considered at its meeting on 4 March 2024.

The minutes and resolution of the Council was as follows:

11.23 LTP 2024/34 - User Fees - Boat Ramps

Minutes and resolution for
Boat ramps User Fees

Staff Barbara Dempsey, General Manager: Community Services
Ross Hudson, Manager: Strategic Planning and Partnerships, Spaces and Places

Key points

- Submissions were received on the boat ramp fees with 50% in favour and 50% against the increases.
- Challenge would be how long it would take to get the infrastructure in, but would do this as quickly as possible.

In response to questions

- Infrastructure updates included to ensure both boat ramps were operating efficiently, with good carparks available and commencing work on the resource consent to expand the Marine Park ramp at Sulphur Point to improve capacity.
- While this would result in the demarcation of some parking areas, they would be making improvements to the parking infrastructure to enable efficient use of the space.

Discussion points raised

- Costs in these areas were rapidly increasing, sometimes over the rate of inflation, so imposing fees was a means of keeping pace with that and enabling investment and providing a level of service that was satisfactory.

RESOLUTION CO4/24/26

Moved: Commissioner Stephen Selwood

Seconded: Commissioner Shadrach Rolleston

That the Council:

- (a) Receives the report "LTP 2024/34 - User Fees - Boat Ramps".
- (b) Adopts the fees proposed in the draft Long Term Plan 2024/34 for boat and trailer parking at Pilot Bay, Sulphur Point (located in Marine Park) and Whareroa ramps (option 1).

I'm a resident of Tauranga who fishes to feed my family. The recent imposition of a \$20 daily charge for using the boat ramps in our area will add an unnecessary burden to this essential activity. Fishing, which used to cost me less than that amount in gas and bait, will now become significantly more expensive. This additional expense will be discouraging to many from accessing and enjoying our waters.

The boat ramps are vital community resources that are already been paid for by our rates. They are frequented by diverse groups within our community, from recreational fishers like myself to water sports enthusiasts and commuters to near islands.

We urge the local authorities of Tauranga to reconsider this decision and eliminate the \$20 daily boat ramp paking charges. This action will ensure fair access for all residents while supporting local economic activities related to marine recreation.

Subject: FW: Boat ramp petition

Hi Dem team,

I'm trying to get hold of the boat ramp petition that was sent in – would anyone have that? Alison was wanting to see it as she will be putting a report together.

Hi Taryn – it will be with the Democracy team as it was a petition to council and presented to a meeting. You could check with Anahera or Fiona Hindmarsh.

Thanks
Donna

Afternoon,

I am trying to track down the boat ramp fee petition that we have been told about, wondering if it landed up with one of you?

Kia ora Taryn

The resolution was to refer it to staff for a report.

RESOLUTION CO13/24/5

Moved: Commissioner Shadrach Rolleston

Seconded: Commissioner Bill Wasley

That the petition from Bevan Harrington on the boat ramp charges be received and referred to the staff for a report to the Incoming Council.

Thanks Fiona, @Coral Hair do you know if Anne responded to this at all?

We are looking at taking a paper to the first council meeting so just want to make sure first where it landed.

Thanks so much,

Hi Taryn – I have checked with Anahera who has forwarded on the attached email we received - there is a link to the petition in there. Hopefully that's what you're after!

Morena

Thanks Taryn. If you haven't already, can you please forward the follow up email with the resolution about a report coming back with the petition to Amy?

Amy / Ross – we are down for taking a report in either August / September – so early to the new council which is great. Give a great opportunity for us to raise the 'unintended consequences' and options for addressing them.
