Tēnā koe E

Thank you for your request of 6 September 2024, to Fire and Emergency New Zealand, requesting the following information:

- *Thank you for providing this, and the total figure is part of the request however I may not have made myself clear in my request. Please could you provide me with the costings broken down per line rather than a single figure total cost.*

Your request has been considered under the Official Information Act 1982 (OIA).

Please find attached, as an **Appendix** to this response, the annual costing for each building in use by Fire and Emergency in Canterbury and Mid-South Canterbury.

Fire and Emergency NZ is an organisation in the heart of its communities, which delivers public good and is largely crewed by volunteers. We are mainly funded by insurance levies and benefit from community donations at a local level.

We rely on community leases of public land and, in some cases, generous lease conditions by members of the public. This enables our fire stations to be sited to serve communities. These are often at a nominal sum to reflect the public good that the fire station and associated volunteer workforce brings to the community.

We trust that the information being provided is of assistance. If you require further information, please email [officialinformationrequests@fireandemergency.nz](mailto:officialinformationrequests@fireandemergency.nz).

Nāku noa, nā

Aidan Saunders
