I have reported the issues to Netsafe this morning.

Let's discuss, although it's hard to stop it because anyone can post a review

I would like to publicly call for the school board to stand down and be investigated, they are refusing to deal with any issues about the Principal - I don't know of any parent who has had an even slightly positive / good encounter with him. Bullying is just getting ignored - including bullying from the top down. Kids are getting attacked and hurt yet nothing is being done, even when police have been called. Kids are also getting preyed on by the Principal and families are being wrecked by all the affairs he is having with married parents. ENOUGH IS ENOUGH.
DON NOT SEND YOUR KIDS HERE (unless you are happy with the above and all the other awful review, which I have no doubt are all true).

I would like to see what if anything we can do about this absolutely disgusting slander of our Principal.

Cheers
