Tēnā koe Mr Wang,

**25/OIR/067 Response**

In response to your request dated **19/09/2024** we have prepared the following:

1) What is the CAA going to do to ensure that electronic devices brought onto airplanes have not been interfered with by 'israelis', or supporters of 'israeli' terrorism?

*CAA constantly assess the threat and risk to civil aviation and ensure that the aviation system has measures in place to detect explosive material. We cannot discuss the methods of detection as that would introduce a vulnerability into the system, as such we are refusing this request under section 6(a) of the official Information Act 1982.*

2) Please provide all CAA documents and communications regarding the terrorist 'pager' bombings from the past couple days.

*We are refusing this under section 18(e), the CAA does not have any documents, other than media reporting, of the pager incidents.*

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at [www.ombudsman.parliament.nz](http://www.ombudsman.parliament.nz) or freephone 0800 802 602.

Yours sincerely,

OIA Team
