Hi Andrew

Thanks for yesterday, was pleased you made it clear to ^{s9(2)(a)} [redacted] about farm plans. I have been telling him for a while we are not going to stand against having farm plans.

He has been like a dog with a bone, hopefully he will let it go now & put his energy's to something worth while.

Hi Andrew

Not sure if you know but we are getting reports out of North Canterbury that they are still having major problems with drought & stress.

All the best.

Bryce

Great announcement today on SNAs Andrew, well done.

Now just have to get rid of the Sites & areas and SASMs.

Thanks Bryce, will see what we can do.

Wow Andrew, great announcement today re RMA, you guys are really are up for the job. Keep up the great work. If you need Groundswell NZ to do anything to help just let me know. Thanks for what you're doing.

Bryce

Thanks Bryce, key thing will be farmers stepping upto the plate showing that these over the top rules weren't needed in first place. Your mate with the drone will be going hard out to find bad footage, so we need farmers to ensure none can be provided.

Yep I agree with you, unfortunately it will most likely happen, we need farmers to be more proactive if they see neighbours not doing the right thing.
