Kia ora John Luke

Regarding your request for information about a member of AUT's staff, Evan Wang.

We can confirm Evan works at AUT in the position of Student Immigration Advisor as part of our student services team.

AUT does not have an international student support department so, under section 18(g) of the OIA, we are not able to provide information regarding this part of your request as an organizational chart does not exist and is therefore not held by the university.
