

## List of attachments to the response to OIA 2015-067

Document number	Document type	Subject	Reference to the OIA question
Attachment 1	Report	Johnsonville 15 minute peak trial on 20th September 2014	Question 1
Attachment 2	Correspondence	GWRC Briefing Report by KiwiRail on Johnsonville Line and customer messaging and communications	Question 3
Attachment 3	Correspondence	Customer Communications review for the Johnsonville Line	Question 3
Attachment 4	Correspondence	Correspondence_Oct 18 Graph	Question 3
Attachment 5	Correspondence	Simulated 4 Train Peak Trial on Johnsonville Line	Question 3
Attachment 6	Report	Spreadsheet Report_Sat 20th Johnsonville Trial Operating Plan	Question 3
Attachment 6-1	Correspondence	Correspondence on Sat 20th Johnsonville Line Trial Operating Plan	Question 3
Attachment 7	Report	Spreadsheet Report on Trial 4 Car Peak Operating Plan	Question 3
Attachment 8	Report	Spreadsheet Report on Trial 4 Car Peak Draft Operating Plan	Question 3
Attachment 9	Correspondence	Johnsonville Line Matangi Train Performance Data by GWRC	Questions 5 and 6
Attachment 10	Correspondence	Close of the Test Reports for EMC and Mainline Test of Propulsion System and Variation 65 Johnsonville Running Time	Questions 5 and 6
Attachment 11	Correspondence	Response to Close of the Test Reports for EMC and Mainline Test of Propulsion System and Variation 65 Johnsonville Running Time	Questions 5 and 6
Attachment 12	Correspondence	Johnsonville Line Matangi Train Performance Data by GWRC	Questions 5 and 6
Attachment 13	Report	Propulsion System Type Test Report for Mainline Test of Propulsion System in AW3 Load Condition	Questions 5 and 6
Attachment 14	Report	Mainline Test Results Submission Sheet	Questions 5 and 6
Attachment 15	Report	Propulsion System Mainline Test Procedures for Propulsion System	Questions 5 and 6
Attachment 16	Report	Wellington EMU(96) Train Performance Curve for Matangi after Mainline Test	Questions 5 and 6
Attachment 17	Report	Journey Time/Energy Consumption Test Results (Dry and Wet Track Conditions)	Questions 5 and 6
Attachment 18	Report	EMU(96) Mainline Test for Propulsion System (AW3 Load) - Journey Time & Energy Consumption Measurement	Questions 5 and 6
Attachment 19	Correspondence	Submission of Type Test Report for Mainline Test of Propulsion System in AW3 Load Condition and Submission of Variation 65 - Typical Running Schedule (Schedule 17)	Questions 5 and 6
Attachment 20	Report	Review the Journey Time Test Results for Johnsonville Line with Current Restricted Speed	Questions 5 and 6
Attachment 21	Variation to agreement	Variation to Agreement for the Supply of New Electric Multiple Unit (EMU) Vehicles PT0017 Variation 65 - Typical Running Schedule (Schedule 17)	Questions 5 and 6
