yes it is it the occupancy rate for the Pathways respite facility in Tauranga (monthly if possible)

Response

For the current financial year to September (July to September 2025), the average occupancy rate for the Pathways respite facility in Tauranga has been 65 percent. For the previous financial year (July 2024 to June 2025), the average occupancy rate was 63 percent.

I have attached a table showing the monthly occupancy rate for the Pathways respite facility in Tauranga. As the facility has a capacity of four beds, care should be taken when comparing occupancy rates between months. The table can be found in Appendix 1.
