Afternoon all

Good to see you this afternoon Annabel and Charles.

Should we convene early next week and discuss possible next steps?

John was brainstorming as usual and he's suggested making the video footage that our camera guy took at today's abandoned forum available to the TV networks for possible use on the 6 pm bulletins.

Do you have any thoughts or reservations on this? You'd need to clear it with Una.

I'm not convinced if it is a good idea because of the additional publicity that Valerie Morse would receive from it.
