Subject: Under 16

Hi Nick

I just finished a meeting with the Australian AG's office regarding some join work we do with them.

9(2)(a) who sits in the five country working group with you and 9(2)(a) was in the meeting.

We had a brief discussion around the under 16 social media ban. She emphasised that there were two streams of work, the regulatory and the privacy side.

She said the privacy side was significant and should be factored into any planning that NZ does for a similar ban.

Cheers

JP
