## Official Information Act request

Thank you for your Official Information Act 1982 (OIA) request of 1 April 2026 to the Hon Judith Collins, the former Minister Responsible for the Government Communications Security Bureau (GCSB) Government Communications Security Bureau (GCSB), seeking the following information:

*"In response to a Written Question submitted by Hon Priyanca Radhakrishnan (WQ 6999 2026), it was mentioned that the Minister Responsible for the GCSB had received a paper titled "MediMap cyber incident" on February 26th, 2026.*

*I would like to request a copy of this paper."*

Your request has been transferred to the GCSB for response.

## Response

The information you have requested has been identified as "Briefing Note Medimap Cyber Incident" dated 25 March 2026. The paper was provided by the National Cyber Security Centre (NCSC) to the Minister Responsible for the GCSB. The purpose of the paper was to inform the Minister about the support NCSC was providing to Health NZ with an ongoing incident related to the digital medication management platform MediMap.

I am refusing your request under section 6(a) of the OIA, as the making available of the information would be likely to prejudice the security or defence of New Zealand or the international relations of the Government of New Zealand, and section 9(2)(ba) of the OIA to protect information that is subject to an obligation of confidence.

Where section 9 grounds have been applied, I do not consider that the need to withhold this information is outweighed by other considerations which render it desirable, in the public interest, to make that information available.

Cyber incidents are reported to the NCSC in confidence and that we do not publicly disclose details about individual reported incidents. NCSC does publish annual cyber threat reports which are publicly available on the NCSC website - [Cyber Threat Reports](#).
