Subject: NZJC Annual Report on Antisemitism in New Zealand in 2025

Dear Colleagues

Please find attached the New Zealand Jewish Council's Annual Report on Antisemitism in New Zealand in 2025.

This has been released by the NZJC today with the document classification of "public".

In 2025, there were 143 antisemitic incidents. This is the highest number of antisemitic incidents ever recorded in a single year in New Zealand. Almost all of the incidents have been without judicial sanction or public condemnation.

Executive Summary

1. Geopolitical incidents involving Israel are often associated with an increase in antisemitic incidents in New Zealand, particularly from far-left and Islamist-motivated individuals.
2. According to NZ Police, New Zealand Jews are disproportionately targeted compared with other ethnic and religious groups.
3. The number and severity of reported antisemitic incidents in New Zealand reached unprecedented levels following the 7 October 2023 terror attacks in Israel.
4. There was a total of 143 incidents in 2025. This is the highest number of antisemitic incidents ever recorded in a single year in New Zealand.
5. The incidents included 5 assaults (the most assaults in any year), 2 threats, and 15 incidents of desecration or damage to Jewish sites.
6. There has also been a disturbing number of incidents targeting individual Jewish New Zealanders, including antisemitic hate mail sent to private homes.
7. The NZJC continues to advocate for the designation of the IRGC and PFLP as terror groups.

8. The NZJC is particularly concerned about the glorification or justification of Hamas and the October 7, 2023, attacks by influencers, academics, and others of social and political importance.
9. The Jewish Community is grateful for the continued funding of security measures and government support and hopes that the government will commit to long-term resourcing, particularly in the wake of the December 2025 Bondi terror attack in which 15 Jews were shot dead.

We welcome further engagement and support to security Jewish life and Jewish way of life in New Zealand.

Any questions in relation to the report can be directed to:
