

Appendix A to OIA2526-1127

Caveats to Data

- Counts of less than five have been masked with <5 to prevent identification of individuals
- As the data is extracted from dynamic systems, there may be small variances when compared with prior or future datasets
- *The data recorded in Table 2 indicates that five or fewer COI's were issued to New Zealand citizens. However, a review of physical applications shows this to be an administrative error, as nationality was recorded to match country of birth.
