Tēnā koe David

## **Request for information 2026-198**

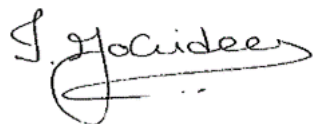

Further to our e-mail of 5 June 2026 and letter dated 9 June 2026 which outlined our decision on your request for information, we wish to clarify some matters in relation to the information provided as part of this response.

A resource consent was issued (WGN230282) in December 2023 in relation to earthworks and discharges associated with the site. We consider that this resource consent covers the matters raised in the request that seeks the environmental risk assessment for the site arising from this development and associated compliance of this resource consent. Accordingly the information provided with this request is all information on the file in relation to the following:

- The resource consent application, processing of the application, and subsequent consent decision (relates to part 1 of your request)
- Compliance monitoring undertaken on the resource consent (relates to part 4 and 5 of your request). Note: It was incorrectly stated in our previous correspondence that no information existing in relation to the site compliance.
- All communication (from the consent process and consent monitoring) between NZTA (and its agents) and Greater Wellington (relates to part 3 of your request)

I can confirm that there is no information on our file that contains communication between Greater Wellington and Kapiti Coast District Council (relates to part 2 of your request)

Nāku iti noa, nā

A handwritten signature in black ink, appearing to read 'Fathima Iftikar'. The signature is fluid and cursive, with a large initial 'F' and a long horizontal stroke extending to the right.

**Fathima Iftikar**
